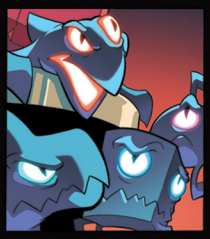
SHADOW BOXING

The Black Arms were a race of ravenous, marauding aliens – until they were wiped out by Shadow the Hedgehog. But the Black Arms' legacy lives on in its sole survivor – Eclipse the Darkling, an alien bred specifically to counter and destroy Shadow.



After their initial encounter, Eclipse escaped to Angel Island, home to Knuckles the Echidna. Eclipse went into hiding, raising his uniquely-bred living weapons – the Dark Arms. To empower them, and himself, he needs the Master Emerald – the very thing keeping Angel Island aloft!

Shadow and Team Dark came to Angel Island, hunting Eclipse. Knuckles isn't fond of uninvited guests, so when Shadow determined the Master Emerald would be safer off the island, Knuckles went on the attack!

Now two of the most powerful beings in the world are duking it out, and nothing can stand in their way...

Dear 'My Sonic Universe,'
Hey, I enjoy reading your comics.

Lucas R. sent to Sonic@ArchieComics.com

Thanks, Lucas! I enjoy reading your fan mail!

Dear 'My Sonic Universe,'
Ok, just to let you know I'm going to be sending a LOT of fan mail WARNING: fanmail-over-load-this-kid-is-crazy!!!!!!

Come at me, fan mail!

I just read the Total Eclipse part 1. Let me tell you this -- IT WAS AWESOME!!!! 'Shadow Fall' was amazing, but I can tell this chapter is just pure AWESOMENESS!

All this awesomeness has been brewing since the events of "Shadow Fall" in issues 59-62 as well as "The Great Chaos Caper" in issues 63-66! All three stories together form the Dark Trilogy! You can download the previous stories today for your mobile device! It's 3 times the awesome with none of the mess!

Eclipse totally rocks (no offense, Shadow...) he is my second favorite villain. It was awesome when Shadow kept seeing Black Doom and his Dark Arms in his mind. I just LOVE it when that stuff happens.

It's creepily cool, but I don't think Shadow agrees!

Anyways, before I wrap this up, tell Eclipse to steal the Master Emerald and almost defeat the world. That would be awesome. Really, really awesome.

Not sure I wanna encourage his thievery. Also, if the world is conquered I'd be out of a job!

Oh, can Shadow turn evil again? That was awesome (I love saying that!)

Congratulations, you just had "the usual"!

Eclipse's #1 fan, Grace B. sent to Sonic@ArchieComics.com

Thanks for writing in, Grace!
